Doing Business with FortisAlberta: Supplier Code of Conduct

At FortisAlberta Inc. (“FortisAlberta” or the “Company”), we always strive to do the right thing, comply with all legal requirements and act with utmost honesty, integrity and professionalism in everything we do. Our values of safety, integrity, respect, excellence and service form the compass that keeps employees pointed in the desired direction. These values apply to all aspects of FortisAlberta’s business.

These values are reflected in this Supplier Code of Conduct (“Supplier Code” or “Code”), which is the Company’s primary reference guide for ethical and professional behavior expected from our contractors, vendors, consultants, subcontractors, service providers and third parties who may provide labour, materials and/or consulting/ professional services to FortisAlberta (each a “Supplier” and collectively “Supplier Representatives” or “Representatives”).

Application and Scope

Our Supplier Code sets out the minimum standards of conduct to which Suppliers and their personnel, representatives, employees, agents, subcontractors, assignees and affiliated entities (collectively referred to as Supplier Representatives) must adhere while conducting business with, or on behalf of, FortisAlberta. Suppliers must take appropriate steps to ensure the Supplier Code is communicated to, understood by and complied with by their Representatives and followed while they do business with, or on behalf of FortisAlberta. We reserve the right to amend and modify the Supplier Code at our discretion.

Health and Safety

FortisAlberta has a strong safety culture with the goal of achieving zero preventable injuries. We strive to achieve health and safety excellence in providing safe and reliable service to our customers. We work to ensure that everyone, including our employees, contractors, customers and the public, gets home safely each day. No work requirement is more important than ensuring the job is performed safely. Suppliers share the responsibility of ensuring our workplace and the communities we serve are safe and healthy. Suppliers must also ensure strict compliance with the FortisAlberta Health and Safety Commitment Statement. In line with this commitment, Suppliers must meet the following requirements:

Workplace Safety

Suppliers must provide a safe, healthy and sanitary work environment for all employees. Suppliers shall implement procedures and safeguards to manage and minimize workplace hazards, work-related accidents and injuries inherent in the working environment (particularly the utility industry). Suppliers must ensure utmost compliance with all applicable occupational health and safety rules, laws, standards and procedures. Suppliers are responsible for complying with, and enforcing, any additional FortisAlberta safety standard and policies and procedures communicated to the Supplier. Suppliers must also ensure completion of all necessary safety training by its Representatives.

Fit for Duty

Our commitment to providing a healthy and safe working environment is built upon a workplace that is free of impairment. Suppliers must ensure that workers are fit for duty, not suffering from any form of mental or physical impairment and not under the influence of alcohol or drugs throughout all working hours (on and off premises and on standby duty).

Reporting Incidents

In addition to any other legal reporting requirements, each Supplier must immediately report to their FortisAlberta representative any occupational injuries, unsafe conditions or practices and damage to property occurring as a result of the Supplier’s activities for, or on behalf of the Company.

Labour and Human Rights

We support the spirit and intent of the United Nations’ Universal Declaration of Human Rights and the International Labour Organization’s Declaration on Fundamental Principles and Rights at Work. FortisAlberta expects its Suppliers to comply fully with employment, human rights and labour laws and regulations, including the [Fighting Against Forced Labour and Child Labour in Supply Chains Act, SC 2023](#).

Suppliers must not condone or tolerate such behaviours by their Representatives. Engaging in any of these behaviours may result in termination of the Supplier’s contract with FortisAlberta or removal of Supplier’s personnel from Company property as deemed appropriate and at our sole discretion.

Labour Conditions

Suppliers must ensure that no child labour, forced labour, bonded labour or indentured labour (as defined in the Fighting Against Forced Labour and Child Labour in Supply Chains Act, SC 2023) will be used in any supply chain. Respect and Dignity

Suppliers must treat their workers and employees and FortisAlberta employees with respect and dignity.
